INN  VATIVE
DENTAL CONCEPTS

Welcome to Innovative Dental Concepts. With our exceptional team of dental professionals and our investments in the latest dental technology, we plan your personalized treatment to achieve optimum dental health. When we design the care of our patient's we take a complete health view. Vast amounts of research over the last decade have shown definitive links between oral disease and systemic issues, such as cardiovascular problems. With this in mind we take into account how an individual's dental problems may fit into your overall well-being. Rather than simply telling patients what their problems are, we educate them about dentistry today and how to best care for their complete oral health.

We pride ourselves on providing a very thorough exam. In addition to examining your teeth, we also conduct an oral cancer exam, periodontal exam, and jaw-joint screening. After gathering our diagnostic information we step back and look at the big picture. Together, with our patients, we create a long term personalized plan. A plan that allows for optimal results leading to ideal oral health.

Our goal is very simple...we want to build a long term relationship built on trust with our patients. A relationship that allows us to put the "care," back in "healthcare" and allows you to live your life with a confident and healthy smile.

Office Financial Policy & Important Information Regarding Your Dental Insurance

Welcome to our office and thank you for putting your trust in us for your oral health. Our office strives to make your visits with our office as pleasant as possible. In order to achieve these goals, we need your assistance and your understanding of our financial policy.

We accept cash, personal checks, debit card, Master Card, Visa, Discover Card, and American Express. In addition, we offer an excellent third party financial payment plan for balances over \$500. Our office staff would be happy to provide you with more detailed information on this plan if you are interested. Outstanding balances older than 60 days are subject to finance charges at the rate of 1.5% monthly. Returned checks are subject to a \$25 administrative fee in addition to any outstanding amount. In the unfortunate event that your account needs to be forwarded to a collection agency you will be responsible for your outstanding balance, accrued interest, and any collection agency charges that may be imposed.

If you have dental insurance, you must bring proof of insurance to your appointments and we will be more than happy to submit your insurance claims for you. However, you must realize:

1. *Your insurance is a contract between you, your employer, and the insurance company. We are not a party to that contract. _____ Initial*
2. *We cannot render services on the assumption the charges will be paid for by an insurance company. All charges on all accounts for which you serve as the guarantor are your responsibility from the date the services are rendered. _____ Initial*
3. *Not all services are covered benefits in all contracts. Some insurance companies arbitrarily select certain services they will not cover and have frequency limitations that do not take into consideration the wellbeing of your oral health. _____ Initial*
4. *Please remember to update our office staff regarding any changes to your dental insurance policy, so that we may process your claim in a timely manner. _____ Initial*

You may direct the insurance company to pay their share of the cost directly to our office (Assignment of Benefits). Often, we do not receive these payments until two to three months after being submitted for payment therefore you will be required to pay your estimated share at the time treatment is rendered. Upon receipt of the insurance payment we will reconcile your account and bill or refund any difference. In the event that your insurance company does not pay within 90 days of rendering treatment, please understand that the guarantor of your account is fully responsible for this outstanding balance.

We must emphasize that as dental care providers, our relationship is with you, the patient and not your insurance company. While filing the insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered.

If you have any questions about the above information, please do not hesitate to ask us. We are here to serve you.

I have read the policies described in this form. I agree to abide by the terms outlined. I fully understand and accept my financial responsibilities,
